

PinRemote™ Model Comparison

"Pinball Management Mastered"

Overview There are 4 models of PinRemote™ that meet different requirements and price points. The entry model is the HUO (Home User Owner) model which has a simplified interface. Model BCT (Bill Coin Token) is targeted at the arcade market. The WPC model (Williams) is similar to the aforementioned model but handles the WPC door interlock switch. The flagship model is the AF (Admission Fee) unit which allows 30 "Gift Card" logins and supports remote Slam Tilt for clearing out abandon games for Gate Entry shops.
